

Chamundeswari Ammisetty

AI Training Contributor | Coding & Content Evaluation | Full Stack Developer

ammisettychamundeswari0@gmail.com | +91 9032149346 | Chilakaluripet, Andhra Pradesh | github.com/Ammisettychamu33

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on full-stack development experience in JavaScript, React.js, Node.js, Express.js, Python, and SQL, gained through five internships and multiple self-built projects. Skilled at reading, testing, and evaluating code for correctness, logic errors, and best practices across multiple languages and frameworks. Strong written communication, attention to detail, and structured problem-solving, well suited to reviewing AI-generated code and technical content, writing clear evaluation feedback, and contributing high-quality reasoning to AI training and fine-tuning workflows.

RELEVANT SKILLS FOR AI TRAINING & CODING EVALUATION

- Programming languages: JavaScript (ES6+), Python, SQL, TypeScript
- Frameworks & tools: React.js, Node.js, Express.js, MongoDB, MySQL, Redux Toolkit, REST APIs, Git
- Code review skills: debugging, identifying logic errors, verifying correctness against requirements, checking readability and best practices
- Strong written English for explaining reasoning, drafting evaluation notes, and rating output quality
- Familiar with AI tools including ChatGPT, Claude, and Gemini for coding, content generation, and research workflows
- Detail-oriented and comfortable working independently on structured, guideline-driven tasks

EXPERIENCE

AWS Cloud & DevOps Intern — Datavalley India Pvt. Ltd. (Nov 2025 – Mar 2026)

- Worked with AWS cloud services, Docker, and CI/CD pipelines, gaining exposure to structured, guideline-based technical workflows and deployment testing.

Development Intern — Infosys Springboard Internship 6.0 (Sep 2025 – Nov 2025)

- Built and reviewed React.js components for a civic issue tracking application, integrating frontend logic with backend APIs and validating functionality against requirements.

Front-End Development Intern — InLighnX Global Pvt. Ltd. (Aug 2025 – Sep 2025)

- Developed and tested responsive web interfaces using React.js, JavaScript, HTML5, and CSS3, following component-based development standards.

Python Programming Intern — SkillDzire (May 2025 – Jun 2025)

- Solved programming, debugging, and logical reasoning exercises in Python, strengthening code-evaluation skills.

Web Development Intern — Elewayte (Jun 2024 – Jul 2024)

- Built responsive web interfaces using HTML5, CSS3, JavaScript, and Bootstrap.

Python Development Intern — Octanet Services Pvt. Ltd. (May – Jun 2024)

- Completed a 1-month Python development internship, applying core programming and problem-solving skills to real tasks.

Web Development Intern — Octanet Services Pvt. Ltd. (Jan – Feb 2024)

- Completed a 1-month web development internship building and debugging front-end features.

PROJECTS

Muzic – Music Streaming Platform (React.js, Node.js, Express.js, MongoDB)

- Built a full-stack MERN application with JWT authentication, protected routes, and RESTful APIs for CRUD operations.

Enterprise CMS & Dynamic Content Platform (React.js, Redux Toolkit, Tailwind CSS, Node.js, Express.js, MongoDB)

- Developed a decoupled CMS with Admin, Public, and REST API services, including JWT auth and Dockerized deployment.

Cross-System Reconciliation & Discrepancy Auditing (Python, Full Stack)

- Built a full-stack reconciliation and auditing system with tenant isolation, detecting and reporting discrepancies across systems — hands-on experience validating data correctness at scale.

EDUCATION

B.Tech, Computer Science and Engineering — Narasaraopeta Engineering College (2022–2026), CGPA 8.3/10

CCBP Intensive – Full Stack Development Certification, NxtWave (Jan 2026 – Aug 2026)

CERTIFICATIONS & ONLINE COURSES

- AI/ML: Fundamentals of Machine Learning & Fundamental AI Concepts — Microsoft (Dec 2024)
- Introduction to Internet of Things — IIT Kharagpur, NPTEL (12-week course, 90% – Elite grade)
- The Joy of Computing Using Python — IIT Madras, NPTEL (12-week course)
- JavaScript, TypeScript, MongoDB, NodeJS Essential Training, Python Foundation — Infosys Springboard
- SQL (Basic) & Python (Basic) — HackerRank | Front End Development (HTML & CSS) — Great Learning Academy
